Q.51 After hearing elements of both plans, which health care plan do you support more:

A Democratic plan that would guarantee affordable health insurance for all Americans. This plan would lower costs throughout the system, and allow people to choose between their current coverage or several private and public insurance options. Critics say this plan will cost too much and lead to higher taxes and government-run health care.
Or
A Republican plan that would offer people tax credits and savings accounts to purchase private insurance and lower their costs in the private market. This plan would not require more government involvement in health care. Critics say this plan will leave millions of people without coverage or at risk of losing it and will only help wealthier Americans.

[250 Respondents] 62 (BUSH) (SPLIT E) Republicans are just offering more of George Bush's failed policies.
