

TPS Holders in Nevada

By CAP Immigration team

The U.S. secretary of homeland security, in consultation with the U.S. secretary of state, has the discretion to grant Temporary Protected Status (TPS) to individuals from countries where ongoing conflict, environmental disaster, or other extraordinary circumstances make it impossible to return without jeopardizing their lives. Today, an estimated 320,000 people hold TPS in the United States from 10 designated countries; more than 90 percent of these individuals are from El Salvador, Honduras, and Haiti. TPS is granted for set periods of time ranging from six to 18 months, and decisions as to whether to continue TPS for Honduras, Haiti, and El Salvador must occur by November 6, 2017, November 23, 2017, and January 8, 2018, respectively.¹
