Q.8 Below are departments and agencies involved in protecting the American people from global terrorist networks and in advancing U.S. national security goals. Thinking about the period from 9/11 to the present day and recognizing that different offices within U.S. government agencies/departments perform at different levels, please rate each agency/department overall on a scale of 0 to 10. 10 means the agency/department is currently doing the best possible job it can to protect the American people from global terrorist networks and to advance U.S. national security interests; 0 means the agency/department is presently doing the worst possible job in pursuing these goals. A rating of 5 means that the agency/department is currently doing an average job.
